Unpaid Meal Policy

We strongly believe that nutritious meals are a vital component to a healthy school environment and that they may enhance learning while helping to minimize illness, absences and disciplinary problems.

It shall be the policy of our schools that when a meal is desired, payment for that meal is expected in advance or on that day unless the student has been approved for free meal benefits. It is the duty of the parent/guardian and/or student to track cafeteria account balances.

Free/reduced meal applications must be completed every year and are part of the annual paperwork. Online applications are available on RCSA website. Paper applications are also available at each school and can be sent via e mail. Applications are accepted at any time throughout the school year.

For students who have negative balances, RCSA will follow the steps below:

Days of Negative Balance	Resultant Action
1	Student can get lunch; parent contact (email)
2	Student can get lunch; parent contact (phone call, e mail and other means of school communications)
3	Student cannot get any A La Carte item until funds are deposited into SLA lunch account.
